The Main Administration of Automobile Transport, Council of Ministers Lithuanian SSR, completed 78 percent of the first-quarter plan for volume of freight haulage (in ton-kilometers) and 69 percent of the plan for number of passengers carried.

Agricultural work in spring 1951 was done more satisfactorily than in 1950. The plan for sowing of spring crops by kolkhozes and sovkhoses was exceeded. In 1951, kolkhozes of the republic sowed 42 percent more spring crops than in 1950, including 47 percent more spring grain crops, 169 percent more wheat, 22 percent more flax, 16 percent more sugar beets, 21 percent more potatoes, and 32 percent more fodder crops (not including perennial grasses).

Sovkhoses of the republic sowed 15 percent more spring crops in 1951 than in 1950.

In 1951, mechanization of agricultural work was improved over 1950. The number of MTS in the republic increased 6.2 percent from 1 July 1950 to 1 July 1951, and the capacity of the tractor park has also increased. During the first 6 months of 1951, MTS of the republic completed 129 percent more tractor work than during the same period of 1950. The plan for spring work, including plowing of fallow, was fulfilled 109.4 percent by MTS of the republic.

Construction projects of the republic completed 65 percent of the first-quarter 1951 plan for capital construction. The volume of capital construction during the period January-March 1951 increased 10 percent over the period January-March 1950. Individual ministries and administrations fulfilled the first-quarter capital-construction plan as follows:
